### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicants' representative, Patricia DeSimone on July 22, 2005.

The application has been amended as follows: in claim 17, line 10, a comma (,) has been inserted after the last word, "monoxide", followed by the phrase, "and the microemulsion has a pH of about 2 to about 8.

In claim 18, line 9, a comma (,) has been inserted after the last word, "monoxide", followed by the phrase, "and the microemulsion has a pH of about 2 to about 8.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the examiner has considered applicants' amendment filed July 8, 2005. The amendment is sufficient to overcome the rejections of record under 35 U.S.C. 112, first and second paragraphs, as the claims now recite types of catalytic processes. To that end, the examiner believes that a person of ordinary skill in the art could readily access the operative embodiments of the claims, including what reactants to employ. Accordingly, the instant claims are now allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
